Max capacity

# Features & Benefits

Discover a solution designed for ease, safety, and convenience. Our **compact and robust design** offers **easy transportation and storage**, perfect for any care setting. The innovative, **tool-free folding** mechanism allows for **single-handed use**, while the ergonomic push handle accommodates caregivers of all heights.

With **electrically operated lifting and leg opening and magnetic spreader bar lock**, this model ensures safe, strain-free transfers from floor to higher surfaces. **Large braked castors** allow easy manoeuvring over furniture and thresholds, while the **curved spreader bar** enhances comfort and safety.

The lightweight Lithium-ion battery offers a **longer lifespan**, and maintenance monitoring supports **LOLER compliance**. An optional **separate charging dock** is available, designed to keep every transfer smooth and secure.
